DECLASSIFIED EXCISE

(242)

[redacted] informs that he was traveling with his father on Friday Aug. 14, 1981 B6 from Santa Tecla to Santa Ana and then to the border. That when they were transiting the roads after leaving the 'autopista' -desvio Santa Ana-Sonsonate- 2 blocks to the right from the railroad track, they saw a lot of people gather watching something, and he was curious enough to get off his car to go and find out what had happened. He saw the corpses of three men, not together but separated by distance, one of them, the one he saw, was a foreigner, in brown pants, and beheaded, no beard.

That it was until yesterday when he was reading the paper that he came across the ad and decided to call. When asked why he had not called before he said that it had not occurred to him. When asked whether he had seen the ad before he said he had but he did not think of calling until he read the paper yesterday. He said the the ambulance of the Social Security in Santa Ana picked up the bodies. The jurisdiction is Santa Ana. There was an article in the paper "Hallazgo Macabro de Cadáveres en Santa Ana" ~~and those where the corpses~~. and it referred to those bodies.
